SUMMARY

Motivated and detail-oriented B.Tech Computer Science student. Eager to apply technical skills and academic knowledge to real-world projects. Quick learner with effective communication, and a passion for innovation. Seeking opportunities to grow in a challenging and learning-focused environment.

PROFESSIONAL SKILLS

Communication	Editing
Time Management	Teamwork

TECHNICAL SKILLS

C language, AWS, Python, Pandas, numpy, seaborn, Matplotlib, SQL, MSExcel, PowerBI, GitHub, VS Code.

PROJECTS

Netflix Data Analysis with help of python   **May 2025-jun 2025**
Here I explored the Netflix Movies and TV Shows dataset using Python.
Visualized yearly trends of new content added to Netflix using Matplotlib.
Identified the top 10 countries contributing content.
Dataset source: Kaggle.

Walmart Sales Analysis (Jupyter Notebook)   **Jun 2025 - jul 2025**
Used Walmart dataset from Kaggle.

Handled missing values and performed outlier analysis.

The dataset contains 6435rows and 8 columns.

Python libraries used: Pandas, NumPy, Seaborn.

EXPERIENCE

NCC (Rank- Cadet)   **aug 2021 - apr 2023**
Successfully completed NCC B & C Certificates with A Grade.
Participated in 2 Combined Annual Training Camps (CATC).
Served as Flag Escort during CATC NCC camp.
Developed leadership, discipline, teamwork, and time management skills.

EDUCATION

Bachelor of Technology in Computer Science   **Sep 2022 - jun 2026**
Gurukula Kangri(Deemed to be University),Haridwar(FET)
CGPA: 7.63
Active participant in the Annual Technical Festival JNANAGNI'23.

ADDITIONAL INFORMATION

Languages: Hindi, English.
Certifications & Awards
Introduction to data science from
infosys, Secured 2nd position
eSports (BGMI),Achieved NCC B &
C Certificates with A Grade.
